## **Window World Surpasses \$1 Million in Donations and In-Kind Contributions to Veterans Airlift Command**

**NORTH WILKESBORO, N.C.** — Window World®, America's largest replacement window and home remodeling company, has surpassed \$1 million in donations and in-kind contributions to the Veterans Airlift Command (VAC), bringing free, private air transportation to wounded veterans and their families for medical and other compassionate purposes.

For over five years, Window World has partnered with the VAC in its mission to honor and assist combat-wounded veterans through a network of private aircraft and pilots. Since Window World began supporting the VAC over five years ago, it has transported over 150 passengers, logging 242 hours flying over 100,000 miles to more than 20 states. Just Monday, Window World completed its 62<sup>nd</sup> mission.

Walt Fricke, Founder of Veterans Airlift Command said of their relationship with Window World, "Window World has been a world class supporter of the Veterans Airlift Command and the combat wounded veterans we serve. Not only have they provided important private air transportation, but they have engaged the entire franchise organization in supporting our work with significant financial contributions, ensuring that this service remains available to those who have given so much for our freedom. We would not exist but for the support of great Americans exemplified by the Window World Family."

The entire Window World organization is honored to have reached this charitable milestone and looks forward to continuing to support the Veterans Airlift Command. For more information on the VAC, visit [www.VeteransAirlift.org](http://www.VeteransAirlift.org).
