Window World Exceeds 1,000,000 Windows Sold Mark for Sixth Consecutive Year

NORTH WILKESBORO, N.C. — Window World®, America’s largest replacement window and home remodeling company, sold its 1,000,000th window of 2014 late last week. While this is the sixth year in a row Window World has hit this sales milestone, it has never done so as early in the calendar year.

With over 60% of its total window volume since its inception in 1995 sold and installed in the last six years, Window World is experiencing major growth in momentum. This drive has contributed to Window World’s success in garnering many honors throughout 2014, not only for its products, but also for its award-winning customer service.

“Selling over 1,000,000 windows for the sixth consecutive year is a testament to not only the value and quality of Window World products, but also the amazing Window World team members that work hard to achieve this goal every year,” said Dana Deem, president of Window World. “We are thrilled to welcome more customers to our expanding Window World family each and every year.”

With residential improvement spending projected to grow 3.2% in 2015 (National Association of Home Builders (NAHB) 2014 [Remodeling Forecast](#)) Window World looks forward to celebrating its 20th anniversary next year by continuing its streak of positive growth.
