Window World Continues Dominance of Industry Rankings for Exterior Remodeling

Company Earns Top Spot on High-Profile Lists for Ninth and Eleventh Consecutive Years

NORTH WILKESBORO, N.C. — Window World®, America’s largest replacement window and exterior remodeling company, maintains its perfect record on prominent industry lists from *Qualified Remodeler* and *Remodeling* magazine for the eleventh and ninth years, respectively.

For the eleventh consecutive year, Window World was ranked the No. 1 Window Company in the nation in *Qualified Remodeler’s* Top 500 list. The Top 500 is an annual ranking of the country’s largest home improvement and remodeling companies listed by revenue. The study considers the types of jobs carried out by each business as well as the total number of jobs completed. Window World surpassed industry competition in every category this year to extend its dominance in the industry into a second successive decade.

Window World also claimed the top spot in *Remodeling* magazine’s Top 550 list, where it was named the No. 1 Replacement Contractor in the nation in 2017. *Remodeling* magazine’s annual rankings use data gathered from across the web to determine the industry’s largest and strongest performing companies. Window World solidified its position at the top of this year’s list with five times the revenue of its closest competitor.

Window World continues to celebrate a year full of accomplishments in 2017, including selling its 14 millionth window, earning the Good Housekeeping Seal for a tenth consecutive year and being well on its way to selling one million windows in a year for the ninth year in a row. “Our continued success and accomplishments in this industry are a direct result of the dedication and commitment of The Window World Family,” said Tammy Whitworth, chairman and CEO of Window World. “Everyone in our company is driven to succeed, and we all strive to satisfy our customers year after year.”
